What You Need to Know About Your Student Visa

At BLC Spain, we are committed to making your move to Spain as smooth as possible. From the moment you are accepted into one of our undergraduate or postgraduate programs, you will receive full support to guide you through the student visa process — step-by-step.

If your course lasts longer than one year, you can apply for a student visa valid for as many years as your course lasts, meaning you will not need to renew your visa each year (simply officially inform that you're continuing).

“Move to Spain with a safety net!”

After you arrive in Spain, you will need to schedule an appointment with the Immigration Office (Oficina de Extranjería) to process and collect your residence card (TIE - Tarjeta de Identidad de Extranjero). Don't worry! We'll help you with your paperwork and appointments and will guide you every step of the way.
